This antimicrobial chair is unique. It's non porous polypropylene body stops dirt embedding in the surface and the silver based additive kills 99.9% of MRSA and E.Coli on contact.

The chairs can also be easily cleaned using detergents or steam cleaners.

Features:

- MRSA resistance ISO 22196:2011
- E.Coli resistance ISO 22196:2011
- Fungal resistance ISO 846:1997
- Made from 100% recyclable materials

Available in Titan Blue from stock. Bespoke colours available on extended lead time. Call sales for more details.
