

# Langstane

Office Interiors

## Who We Are

Langstane are one of Scotland's leading independent office furniture and interiors specialists, we are completely flexible in our approach to every project, which means we can be truly objective in addressing all of your requirements.

We are passionate about managing all projects to ensure 100% customer satisfaction.

With access to a wide range of furniture from our carefully selected manufacturing partners we are confident we have the furniture and services to meet your individual project requirements.

We have showrooms in Aberdeen, Dundee and Livingston allowing us to service all of Scotland and beyond!

## What We Do

Whether you are furnishing a single office or looking to completely refurbish your entire premises, we offer a complete solution from concept through to completion, to meet both your budget and workspace requirements.

Our Office Interiors team will work with you to design a workspace that reflects your culture and encourages collaboration, which in turn will lead to inspiration, creativity and productivity.

## Space Planning

With computer aided design drawings, Langstane can bring both traditional and contemporary office designs to life. What's more, we supply this service free of charge to all our customers, along with a full quotation for the products specified.

# Project Management

Communication is the key to all successful office furniture installations and we endeavour to build on our relationships to ensure the success of future projects.

Our Project Manager is a single point of contact throughout all phases of the contract and is responsible for co-ordinating all of the necessary disciplines in accordance with the agreed schedule of works and financial targets. Our overall objective is to provide all aspects of project management to deliver a solution which reflects the individual needs of our client in a cost effective and timely manner.

## Public Sector Contracts

## Sustainability

We believe in using the Earth's resources wisely and our attention to environmental, social and economic responsibility includes voluntarily exceeding legal requirements in order to be innovative and demonstrate leadership on the issues that are important to us and our stakeholders. We are able to choose every day in big and small ways how our actions and words build a better quality of life for our employees, customers and suppliers.
